TAKING THE TEST

1. Once you start, review the instructions that appear on the following page. Instructions may change depending on the test you're taking.

EPP-P-ABB

The E-Proficiency Profile is a general education outcomes assessment of core skills in reading, writing, mathematics and critical thinking.

All of the subject knowledge required to answer each question is contained in the question itself or the supporting materials that accompany the question.

Instructions

Test Instructions

Please carefully read the following instructions before starting the test.

Timing

- You will have 40 minutes from the time you click on "Start" to answer all 36 questions.
- Work as rapidly as you can without losing accuracy.

Calculator

- Math questions can be answered without a calculator.
- You may use the embedded system calculator.

Marking Answers

- Mark only 1 answer for each question.
- Proceed through the questions by selecting the Previous or Next buttons or selecting the question number.

2. Use of the Lockdown Browser is required. Click on the link that suits your computer's operating system and language: "Download for Windows" or "Download for Mac."

This test needs to be taken on a secured environment, and you'll be proctored with AI. Therefore, you'll need to install Lockdown Browser before.

Lockdown browser assures that during the test, you'll not access to inappropriate software or content that could compromise a trust worthy test.

Download here Lockdown Browser:
